Subject: IMPCO Off-Road Replacement Parts – Compliance with CARB and EPA Regulations

To whom it may concern,

The following Aftermarket replacement parts comply with all California Air Resources Board (CARB) and Environmental Protection Agency (EPA) Replacement Part Regulations for use on off-road vehicles, engines, or equipment that are subject to California or Federal off-road emission standards:

- DSR-58960-001
- DSR-58970-001
- E100-58963-001
- E100-58963-001

These components:

- 1. Are intended to replace the engine manufacturer's emissions-related components**
(CCR Title 13 Section §1900. EPA 40 CFR §1068.110)
- 2. Are functionally identical to the original components in all respects which in any way affect emissions and durability**
(CCR Title 13 Section §1900. EPA 40 CFR §1068.110)
- 3. Will not affect the engine manufacturer's emissions warranty**
(CCR Title 13 Sections §2405 and §2435. EPA 40 CFR §1068.110, §1068.115 and §1054.120)
- 4. Comply with all CARB and EPA requirements for OEM replacement parts**
(CCR Title 13 Sections §2470 and §2473. EPA 40 CFR §1068.110)
